# BECOMING A MEMBER

The European Council of Shopping Places (ECSP) is Europe's only dedicated retail real estate association. We are the voice of an industry facing number of challenges and opportunities. ECSP stands to defend the interests of its members in Brussels, and provides its members with the opportunity to network and share insights. Our activities range from engaging with EU lawmakers to help them understand our sector, to helping its members comply with new legislation like the European climate regulatory framework, to promoting a level-playing field on issues such as tax and e-commerce as well as recognizing best-in-class performance with its own awards program. All our activities serve one purpose: help shape the future of one of Europe's leading industries.

# BENEFITS OF MEMBERSHIP INCLUDE

1

## Defending our interests in Brussels

- Define industry positions on important topics debated by EU lawmakers
- Draft amendments to EU pieces of legislation that impact our industry
- Coordinate with other European associations and form alliances with them to increase our strength
- Help members comply with new legislation

2

## Accessing a Pan European Network

- Network with colleagues from other European countries on emerging opportunities, trends and issues
- Take part in our Committees and Working Groups to debate and share your views: Public Affairs Committee, National Council Committee, Legal WG, Sustainability WG, Retail & Leasing WG and Risk & Resilience WG
- Receive guidance and build relationships with our external partners, which include SAFE Asset Group (risk management, operational resilience) RegioData Research and RegioPlan Consulting (data and market analytics) and Emplate (shopping center loyalty platform)
